Wholesale Only—No Retail Sales

Members of National and State
Nursery Associations

POLICY—

Our policy is to furnish stock fully graded and properly named. Any deviation from this plan will be accidental and we assume no responsibility greater than the invoice amount of the stock involved.

TERMS—

ALL SALES ARE STRICTLY CASH with the one exception to those whose credit has been established in past years. Nursery supplies are cash to everyone alike. Open account sales 2%—10. Net 30 days.

TAGGING AND CHECKING: An extra charge of 10% will be made when customers select their plants in the fields, or if we tag nursery stock for our customers for any reason. Increased labor costs make this move necessary.

We trust you BUT all customer-selected plants, as well as regular orders, are liable to careful grade stock check in the Packing House. If discrepancies are found, they will be corrected and the necessary changes made in the billing.

CLAIMS—

Our responsibility for condition of plants being shipped ends when we make delivery in good order to the transporting companies. Damages inflicted thereafter are to be taken up with the carrier. We will assist when we can help in settling such problems.

Claims for quality of stock must be made within 10 days after date of invoice. LATE CLAIMS WILL NOT BE CONSIDERED.

PACKING CHARGES AND TRUCK DELIVERIES—

Baling, boxing or crating for local freight or express shipments will be charged at cost. No charges are made for bulk truck or car loading.

Deliveries to customers in Dallas on invoices of \$50 or over will be made on our truck at F.O.B. Dallas Warehouse prices.

To other destinations where two or more orders are delivered in the same load each customer will be charged proportionately as to mileage and size of his order.

DELIVERY CHARGES PAYABLE AT TIME OF DELIVERY.

ORDERS—

All orders are accepted with the understanding that we are not to be held liable in event of accident, extremities of weather or other causes beyond our control.

Prices herein cancel all previous listings. We reserve the right to alter prices at any time.

Liners in pots weight approximately 25 lbs. per 100 plants. They are grown in Michigan Peat.

ALL LINING OUT STOCK TAKES A MINIMUM OF
25 PER VARIETY

ARBORVITAE

Conifer section showing many varieties of Junipers and Arborvitae with view of 30-acre lake in background. We can water generously to promote best possible growth.

Biota orientalis aurea conica.....**GOLDCONE** **ARBORVITAE**

A compact grower; is smaller, more brilliant and more uniformly golden than Berckmann's. Hardy. 8 feet.

	Weight	
Liners, 2½ inch pots	\$.19
30-36 inch, B&B	70	1.85
3-4 feet, B&B	110	2.25

Biota orientalis aurea conspicua.....**GOLDSPIRE** **ARBORVITAE**

Conspicuously golden color on very flat panels. Growth is pyramidal and open. 20 feet.

Liners, 2½ inch pots	\$.20
12-15 inch, 1 Gallon Can	8	.55

Biota orientalis aurea nana.....**BERCKMANN'S** **GOLDEN ARBORVITAE**

Very compact and moderately slow in growth. New foliage is golden. 15 feet.

Liners, 2½ inch pots	\$.20
10-12 inch, 1 Gallon Can	8	.55
30-36 inch, B&B	70	1.85
3-4 feet, B&B	110	2.50
4-5 feet, B&B	160	3.30
5-6 feet, B&B	200	3.75

Biota orientalis bonita.....**BONITA ARBORVITAE**

Dwarf size, rich dark green color, compact and round character. 6 feet.

Liners, 2½ inch pots	\$.19
----------------------------	-------	--------

Biota orientalis aurea bonita.....**GOLDEN BONITA** **ARBORVITAE**

Golden form of Bonita Arborvitae. Color is just as good as Goldcone arborvitae. 6 feet.

Liners, 2½ inch pots	\$.19
----------------------------	-------	--------

PFITZER JUNIPERS—BERCKMANN GOLDEN ARBORVITAE
One-Gallon Size

Biota orientalis excelsa.....EXCELSA ARBORVITAE

A very hardy and cold resistant type having broader base and darker color than Baker arborvitae and equally at home in either the north or south. Particularly well suited for Oklahoma, Kansas and Missouri. 8 feet.

Weight

Liners, 2½ inch pots \$.17

Biota orientalis conica glauca.....BLUECONE ARBORVITAE

More compact than Excelsa arborvitae; slightly darker color and more symmetrical in growth. Because of deep rich green foliage this plant appears to be blue at times. 10 feet.

Liners, 2½ inch pots \$.19

BONITA AND BLUESPIRE ARBORVITAE
One-Gallon Size

Biota orientalis howardi.....BLUESPIRE ARBORVITAE

More columnar and darker than Baker arborvitae. Bluish foliage prompts its name. Keeps its good color during dry or cold weather. 12 feet.

Liners, 2½ inch pots		\$.19
18-24 inch, 1 Gallon Can	8	.60
5-6 feet, B&B	160	2.75
6-7 feet, B&B	200	3.75

Biota orientalis pyramidalis.....BAKER'S HYBRID**ARBORVITAE**

Pyramidal, compact and fast grower. Light green in color. 15 feet.

	Weight	
Liners, 2½ inch pots		\$.19
18-24 inch, 1 Gallon Can	8	.55
5-6 feet, B&B	160	2.75
6-7 feet, B&B	200	3.75

Cedrus deodara.....DEODAR CEDAR

Silvery blue, soft textured spruce or fir-like tree. Very graceful and different. Not hardy in Kansas or Missouri and north. 25 feet.

15-18 inch, 1 Gallon Can.....	8	\$.60
-------------------------------	---	--------

Cupressus arizonica.....ARIZONA CYPRESS

Pyramidal growing conifer. Rather slender in shape and has silvery light blue foliage. A fast grower. A good seller on the sales yard. 25 feet.

18-24 inch, 1 Gallon Can (ctgs)	8	\$.75
18-24 inch, 1 Gallon Can (sdlgs)	8	.60
30-36 inch, 5 Gallon Can (ctgs)	35	1.65

JUNIPERS**Juniperus chinensis mascula.....PYRAMIDAL JUNIPER**

A very fine type of upright light green juniper. 15 feet.

Liners, 2½ inch pots		\$.18
18 inch, 1 Gallon Can	8	.60
3-4 feet, B&B	70	1.50

Juniperus chinensis pfitzeriana.....PFITZER JUNIPER

Our plants are well developed, full bodied, high crowned stock due to heavy shearing. 10 foot spread.

Liners, 2½ inch pots		\$.20
10-12 inch, 1 Gallon Can	8	.55
18-24 inch, 5 Gallon Can	35	1.75

Few B&B Plants in Sizes 18 to 36 Inch
at \$1.25 Per Foot Spread

Juniperus chinensis pfitzeriana blue.....BLUE PFITZER JUNIPER

Same habits of growth as regular Pfitzer except for distinctive blue color. Little more compact grower and just as hardy. 7 foot spread.

Liners, 2½ inch pots		\$.20
10-12 inch, 1 Gallon Can	8	.55
18-24 inch, B&B	30	2.50
24-30 inch, B&B	40	3.00
30-36 inch, B&B	70	3.50

Juniperus chinensis pseudo pfitzeriana.....PFITZER TEXAS STAR JUNIPER

A new type juniper not definitely identified as a Pfitzer, however, it has the general characteristics of that variety of juniper. Texas Star was originated in the Gulf Coast country. It is a bright blue color, has compact foliage and grows in dwarf fashion with very little trimming. Branches are broad at the base but pointed resembling the point of a star. 4 foot spread.

Liners, 2½ inch pots		\$.25
----------------------------	--	--------

Juniper chinensis sylvestris.....SYLVESTER JUNIPER

Its special attraction is its soft green two types of foliage and thickly covered irregular side branches. 25 feet.

Liners, 2½ inch pots		\$.17
18 inch, 1 Gallon Can	8	.50
30-36 inch, 5 Gallon Can	35	1.50
30-36 inch, B&B	40	1.50
3-4 feet, B&B	70	1.75
4-5 feet, B&B	110	2.00

Juniperus communis depressa vaseshape....VASE SHAPE JUNIPER

New, symmetrically bowl-shaped. Does not sunburn. 4 feet.

Liners, 2½ inch pots		\$.17
12-15 inch, 1 Gallon Can	8	.55

Juniperus communis hibernica fastigiata.....IRISH JUNIPER

An exceedingly narrow form of upright pillar-like juniper which is weather and sun resistant and does well in our southwest. 8 feet.

	Weight	
Liners, 2½ inch pots	\$.15
15-18 inch, 1 Gallon Can	8	.50
3-4 feet, B&B	70	1.50
4-5 feet, B&B	110	1.75

Juniperus conferta.....SHORE JUNIPER

Pleasing light green, soft foliage; prostrate branchlets growing upright to 12 inches. Excellent for low plantings, hanging over walls, etc. 8 foot spread.

Liners, 2½ inch pots	\$.17
12-15 inch, 1 Gallon Can	8	.60

VONEHRON AND SPINEY GREEK JUNIPERS
One-Gallon Size

Juniperus excelsa stricta.....SPINY GREEK JUNIPER

Small, conical glaucous plant. 6 feet.

10-12 inch, 1 Gallon Can	8	\$.55
--------------------------------	---	--------

Juniperus hetzi glauca.....HETZ JUNIPER

A silvery blue, low growing plant similar to the Pfitzer but faster growing. 10 feet.

Liners, 2½ inch pots	\$.17
10-12 inch, 1 Gallon Can	8	.55

Juniperus procumbens.....JAPANESE JUNIPER

Low, creeping plant with thick blue-green foliage. 10 foot spread.

Liners, 2½ inch pots	\$.20
10-12 inch, 1 Gallon Can	8	.55

Juniperus sabina vonehron.....VONEHRON JUNIPER

A broad fast-growing form of Savin Juniper, having rich green foliage. 10 foot spread.

Liners, 2½ inch pots	\$.18
10-12 inch, 1 Gallon Can	8	.55

Juniperus scopulorum.....SILVER GLOW JUNIPER

Glistening silvery blue, compact. Most popular of the scopulorums. 20 feet.

30-36 inch, B&B	40	\$3.30
36-42 inch, B&B	40	3.75
42-48 inch, B&B	70	4.50

Juniperus virginiana canaerti.....CANAERT JUNIPER

Dark green foliage interspersed with blue berries and growing in tufts of varying lengths which give the slender pyramidal form a naturally irregular and rugged style. 18 feet.

30-36 inch, B&B	40	\$3.30
42-48 inch, B&B	70	4.50

Juniperus virginiana hilli.....HILL DUNDEE JUNIPER

An attractive grayish green during summer months, turning to a purple in winter. Compact growth which responds favorably to trimming. 20 feet.

	Weight	
24-30 inch, B&B	40	\$2.75
30-36 inch, B&B	40	3.30
36-42 inch, B&B	70	3.75

**DUNDEES ARE UNUSUALLY FULL PLANTS
THIS YEAR****Pinus halepensis.....ALEPPO PINE**

Light green in color with leaves three to four inches long; cones 3½ inches. 20 feet.

12-15 inch, 1 Gallon Can	8	\$.55
--------------------------------	---	--------

Pinus caribaea.....SLASH PINE

Fast growing. Native east Texas to Georgia and two to three hundred miles inland. 40 feet.

18-24 inch, 1 Gallon Can (Sept.)	8	\$.65
--	---	--------

Pinus mugho mugho.....MUGHO PINE

A spreading tree which grows horizontally with stiff upright branches. Nice for rock garden or foundation plantings. 4 feet.

8-10 inch, 1 Gallon Can	8	\$.60
-------------------------------	---	--------

Pinus sylvestris.....SCOTCH PINE

A rather small, straight stemmed tree. Grows well on dry sandy soil where other pines cannot survive. 15 feet.

Liners, 2½ inch pots		\$.15
----------------------------	--	--------

BROADLEAF EVERGREEN

ABELIA GRANDIFLORA
One-Gallon Size

Abelia grandiflora.....GLOSSY ABELIA

Shrub with dark green and coppery very glossy leaves and covered all summer with a myriad of fragrant, dainty pinkish-white bell shaped flowers. 7 feet.

12-15 inch, 1 Gallon Can	8	\$.55
18-24 inch, 5 Gallon Can	35	1.25
36-42 inch, 5 Gallon Can	35	1.50
3-4 feet, 8 Gallon Can	50	1.75

Aucuba japonica green.....GREEN AUCUBA

Medium size, slow growing evergreen. Large leaves (Magnolia grandiflora size). Dark green shade plant; tropical appearance. Hardy into Oklahoma, southern Missouri. 5 feet.

18-24 inch, 1 Gallon Can	8	\$.65
--------------------------------	---	--------

Aucuba japonica variegated.....GOLD DUST PLANT

Same as the green Aucuba in habit of growth, but has leaves speckled with yellow. Good for plant boxes on terraces, patios, entrances, etc. 4 feet.

12-15 inch, 1 Gallon Can	8	\$.75
--------------------------------	---	--------

Azalea kurume.....HINODEGIRI, CORAL BELL,
SNOW, CHRISTMAS CHEER AZALEA

Hardy, prolific flowering low growing evergreen. Should be planted with some protection against drying winds and late summer sun in Dallas area and west of pine country or east Texas and Arkansas. Requires frequent rather than heavy occasional watering. 5 feet.

	Weight	
Liners, 2½ inch pots	---	\$.17
6-8 inch, B&B	8	\$.65
8-10 inch, B&B	8	.90
10-12 inch, B&B	15	1.40
12-15 inch, B&B	15	1.80

Buxus microphylla japonica.....JAPANESE BOXWOOD

Round, light green leaves. Fast grower. Good for general east Texas and Gulf states area. 4 feet.

12-15 inch, 1 Gallon Can, heavy (Sept).	8	\$.70
---	---	--------

All our liners are outdoor grown in 2½-inch deep pots with special soil of Peat and Spagnum Moss.

Buxus rotundifolia.....ROUNDEAF BOXWOOD

A large roundleaf Boxwood, hardy in blacklands and Texas heat. Grows fast under favorable conditions. Grows well under adverse conditions. 6 feet.

12-15 inch, 1 Gallon Can	8	\$.55
12-15 inch, B&B	22	1.00
15-18 inch, B&B	30	1.25

Buxus sempervirens.....COMMON BOXWOOD

Small, smooth and slightly curved dark glossy green leaves growing as close to one another as it is possible for them to grow which makes each plant a solid mass ideally suited to either specimen or hedge use. The most popular variety. 6 feet.

Liners, 2½ inch pots	8	\$.17
8-10 inch, 1 Gallon Can	8	.55
12-15 inch, 5 Gallon Can	35	1.50
15-18 inch, 5 Gallon Can	35	1.80

Cotoneaster horizontalis.....ROCK COTONEASTER

Low growing, small leaf, hardy evergreen plant. Will grow in full sunlight or partial shade. 3 feet.

15-18 inch, spread, 1 Gallon Can	8	\$.60
--	---	--------

Cotoneaster glaucophylla.....GRAY LEAVED

COTONEASTER

An evergreen medium to large shrub with small gray-green leaves on graceful arching branches. White spring flower clusters followed by red berries in the fall and winter.

15-18 inch, 1 Gallon Can	8	\$.75
--------------------------------	---	--------

Cotoneaster pannosa.....SILVER LEAF
COTONEASTER

Faster growing and lighter color than popular parnayi described below. Leaves are quite silver in appearance. Red berries in fall make it good sales yard item. Endures dry or humid climates. 6 feet.

30-36 inch, 1 Gallon Can	8	\$.70
--------------------------------	---	--------

Cotoneaster parnayi.....PARNAY COTONEASTER

Thick, nearly black leaves with large red berries. Weather and sun resistant. Fast becoming the most popular large variety. 6 feet.

Weight

Liners, 2½ inch pots	\$.17
24-30 inch, 1 Gallon Can	8	.70

Elaeagnus pungens simoni.....SIMON ELAEAGNUS

Long and narrow leaves, grayish green over a silvery back. Medium grower. 8 feet.

12-15 inch, 1 Gallon Can	8	\$.60
18-24 inch, B&B	30	1.50

A view of broadleaf stock Fresh lake water raining on plants when picture was taken.

Euonymus japonica.....EVERGREEN EUONYMUS

Bushy form with dark green oblong evenly notched leaves. Excellent for hedges. Most suitable in west Texas. 20 feet.

Liners, 2½ inch pots	\$.17
15-18 inch, 1 Gallon Can	8	.55
18-24 inch, 5 Gallon Can	35	1.50

EUONYMUS JAPONICA—ONE-GALLON SIZE
Many Varieties Euonymus Available at All Times

Euonymus japonica aureo-marginatus.....GOLD EDGE EUONYMUS

Shape and growth like the Evergreen. Leaf coloring of green edged with yellow causes the plant to stand out in any planting. 5 feet.

6-8 inch, 1 Gallon Can (Sept.)	8	\$.65
--------------------------------------	---	--------

Euonymus japonica medio-pictus.....YELLOWEYE**EUONYMUS**

Small leaf, center branches grow upright, outer ones tend to spread. Grows naturally with many branches. Good for planter boxes or low hedges. Hardy into Kansas and Missouri. 3 feet.

Weight

Liners, 2½ inch pots		\$.17
10-12 inch, 1 Gallon Can	8	.55

EUONYMUS PICTUS—HECKROTTI HONEYSUCKLE
One-Gallon Size

Euonymus japonica pulchella.....EUONYMUS PULCHELLA

Very small, dark leaf miniature Euonymus. A natural for bordering and formal gardens. 2 feet.

6-8 inch, 1 Gallon Can	8	\$.65
------------------------------	---	--------

Euonymus japonica alba variegata.....SILVER QUEEN EUONYMUS

A green leaf with white edges gives this plant a clear distinction. It's most attractive. 4 feet.

10-12 inch, 1 Gallon Can (Sept.) ..	8	\$.65
-------------------------------------	---	--------

Euonymus japonica aureo-variegatus.....VARIEGATED EUONYMUS

Bright gold and green mixture of color in leaves of this plant makes it one most outstanding in any garden. Hardy into Kansas, Missouri, part of Ohio, Illinois, Indiana. 3 feet.

6-8 inch, 1 Gallon Can (Sept.)	8	\$.75
--------------------------------------	---	--------

Fatshedera lizei.....FATSHEDERA

Fancy indoor plant or summer plant for April to November outside. Very different. 10 feet.

18-24 inch, 1 Gallon Can (Spring)	8	\$.75
---	---	--------

Feijoa sellowiana.....PINEAPPLE GUAVA

A silvery shrub, compact grower. Not hardy in Oklahoma or west Texas, but very popular in south Texas and Gulf Coast regions. 12 feet.

18-24 inch, 1 Gallon Can	8	\$.55
--------------------------------	---	--------

Gardenia fortunei.....FORTUNE'S GARDENIA

Has large double white fragrant flowers. This is the everblooming variety. Excellent for an unusual hedge. It can be used most satisfactorily as a tub plant. In climates where it will not survive the winter it is cheap enough that replacement can be made each spring. Always a good seller. 6 feet.

18-24 inch, 1 Gallon Can (Fall).....	8	\$.50
18-24 inch, B&B (March)	20	.80
30-36 inch, B&B (March)	35	1.40

Ilex cassine.....DAHCON HOLLY

A tree holly with willow-like leaves; fruits abundantly at a young age with red berries from fall until spring. 20 feet.

Liners, 2½ inch pots		\$.15
----------------------------	--	--------

Ilex cornuta.....CHINESE HORNED HOLLY

Propagated from berried stock. Very stiff, bright glossy green holly leaves gracefully curved. Large red berries add to its attractiveness. 15 feet.

Weight

12-15 inch, 1 Gallon Can (ctgs)	8	\$.70
15-18 inch, 1 Gallon Can (sdlgs).....	8	.75

Ilex cornuta burfordi.....BURFORD CHINESE HOLLY

Large, glossy green, stiff leaves with one tip spine forming a very smooth appearance; large red berries. Our most popular holly. 8 feet.

Liners, 2½ inch pots		\$.17
12-15 inch, 1 Gallon Can	8	.60
18-24 inch, 5 Gallon Can	35	2.00
2-3 feet, 5 Gallon Can	35	2.50

Ilex cassine opaca.....HUME HYBRID NO. II HOLLY

A cross between American and Dahoon hollies resulting in a holly tree similar in general appearance to the Christmas Holly, but being more prolific in berry production. Leaves are lighter colored than American Holly. 25 feet.

Liners, 2½ inch pots		\$.15
24-30 inch, 1 Gallon Can	8	.55
5-6 feet, B&B	160	3.30
6-7 feet, B&B	200	4.50

Ilex Opaca.....AMERICAN HOLLY

Very hardy native tree with medium green oval leaves surrounded by evenly spaced short spines on the edge. Red berries. These are seedlings, we cannot assure you berried stock in specific plants. 50 feet.

18-24 inch, 1 Gallon Can	8	\$.55
30-36 inch, 5 Gallon Can	35	1.65

ILEX BULLATA
One-Gallon Can Size

Ilex crenata bullata.....CONVEXLEAF JAPANESE HOLLY

A smaller leaf holly than the rotundifolia but same general habits of growth. Leaves shiny and slightly cupped downward. Very pretty holly. No berries of consequence. Good for planter boxes and low hedges. Hardy into St. Louis and Ohio river area.

8-10 inch, 1 Gallon Can	8	\$.60
-------------------------------	---	--------

Ilex crenata rotundifolia.....JAPANESE HOLLY

Roundleaved. Splendid dark green spineless holly for formal plantings; makes a fine, low hedge. A good substitute where other than Boxwood is desired. 4 feet.

Liners, 2½ inch pots		\$.17
10-12 inch, 1 Gallon Can	8	.60
15-18 inch, B&B	20	1.75
18-24 inch, B&B	35	2.25

ILEX ROTUNDIFOLIA AND BURFORDI
One-Gallon Size

Ilex vomitoria.....YAUPON HOLLY

A great favorite for hedges. Bright red berries. Our plants are unusually heavily sheared and are compact, bushy plants. Larger sizes up to 5-6 feet for \$5.00, B&B, are carried in stock during the dormant season at our Dallas office. Liners are cutting grown from berry producing plants. 12 feet.

	Weight	
Liners, 2½ inch pots		\$.17
15-18 inch, 1 Gallon Can	8	.60
24-30 inch, 5 Gallon Can	35	1.50
4-5 feet, Pyramidal, B&B	125	4.00
5-6 feet, Pyramidal, B&B	150	5.00

Ilex vomitoria, dwarf.....DWARF YAUPON HOLLY

Best, most durable holly where low growth is desired. Very slow grower. Ultimate size, 36 inch spread, 18 inches high.

6-8 inch, 1 Gallon Can	8	\$.75
------------------------------	---	--------

CHERRY LAUREL—5-GALLON SIZE

Two-year-old stock much heavier now than when this picture was taken.

Jasminum humile.....FLORIDA JASMINE

The most versatile and popular of the Jasmine family. Flowers through most of the summer after a profusion of blossoms in the spring. A most attractive plant; does well in arid climates, too. 4 feet.

	Weight	
Liners, 2½ inch pots	---	\$.17
12-15 inch, 1 Gallon Can	8	.55
18-24 inch, 5 Gallon Can	35	1.50

Jasminum parkeri.....PARKERS JASMINE

A true dwarf Jasmine in habit of growth, size of leaves and size of flower. From all appearances a miniature Florida Jasmine. Ultimate size—18 inches.

Liners, 2½ inch pots	---	\$.25
6-8 inch, 1 Gallon Can	8	.80

Laurocerasus caroliniana.....CHERRY LAUREL

Since this plant is subject to loss of foliage when transplanted, container grow stock is all the more desirable. Our field plants are young and have been root pruned so they transplant with less difficulty than the average. This is an exceptionally good plant for hedge work. It responds to shearing as well as any. 12 feet.

Liners, 2½ inch pots	---	\$.15
18-24 inch, 1 Gallon Can (sheared)	8	.50
36-48 inch, 5 Gallon Can (sheared)	35	1.50
30-36 inch, B&B (sheared)	40	1.50
3-4 feet, B&B (sheared)	70	1.75
4-5 feet, B&B (sheared)	110	2.00

Lavendula vera.....TRUE LAVENDER

To vary the color scheme in a planting, this is the hardy perennial to use. Lavender sachets are made from the flowers and seeds of this low growing symmetrical little plant. Very fragrant gray color herb. Blue flowers. Good for low borders. The True English Lavender. 2 feet.

6-8 inch, 1 Gallon Can	8	\$.70
------------------------------	---	--------

Leucophyllum texanum.....Senisa

Sage-like shrub. Abundant orchid colored flowers after every summer rain. Dwarf variety. Compact grower. 5 feet.

12-15 inch, 1 Gallon Can	8	\$.60
18-24 inch, 5 Gallon Can	35	1.65
18-24 inch, B&B	40	1.80

JAPANESE LIGUSTRUM
One-Gallon Size

Ligustrum japonica.....JAPANESE PRIVET

Evergreen, good for trees or hedges. Fast growing, easy to transplant. 20 feet.

	Weight	
24-30 inch, 1 Gallon Can	8	\$.45
2-3 feet, B&B	35	1.00
3-4 feet, B&B	60	1.35

**WAXLEAF LIGUSTRUM**

Five-gallon cans in foreground—well sheared, heavily branched plants.

Ligustrum lucidum compactum.....WAXLEAF PRIVET

Dense, compact, glossy dark green leaves. Grows to six feet in height and horizontally the same, but requires some shearing to keep it symmetrical. 8 feet.

Liners, 2½ inch pots		\$.15
15-18 inch, 1 Gallon Can (bushy)	8	.55
30-36 inch, 5 Gallon Can (bushy)	35	1.50

Mahonia aquifolium.....OREGONGRAPE

Dark green holly-like leaves; glossy, turning red to brown in the fall. Very hardy plant. 6 feet.

10-12 inch, 1 Gallon Can 8 \$.75

Mahonia bealei.....LEATHERLEAF MAHONIA

This plant is most desirable because it fills so well the need for shaded areas. It thrives in shade but will take some sun if for a short period of time, preferably in the morning. Large, shiny, gray-green leaves with spines make this plant unusually appealing. Also, large clusters of yellow flowers followed by blue grape-like seed pods add to its sales appeal. 3 feet.

8-12 inch, 1 Gallon Can 8 \$.60

**Myrica cerifera.....SOUTHERN WAXMYRTLE
BAYBERRY**

Leaves spicily fragrant. Bears blue Cedar-like berries on trunk and base of branches which, with its shiny leaves and spiciness, make it very useful and attractive. A hardy evergreen, which will survive Missouri cold, west Texas' heat and east Texas' wet and humid conditions. 10 feet.

15-18 inch, 1 Gallon Can 8 \$.50

3-4 feet, 5 Gallon Can 35 1.50

NANDINA
One-Gallon

Nandina domestica.....NANDINA

This cane-like shrub with its small dainty and light green summer foliage is an accepted "must" with gardeners because of the gorgeous leaf coloring in the fall and immense cluster of red berries which are retained throughout the winter. 8 feet.

8-12 inch, 1 Gallon Can 8 \$.50

12-18 inch, 1 Gallon Can 8 .65

18-24 inch, 5 Gallon Can 35 1.50

Corona Shears Subject to 33 1/3 Dealer Discount

Professional Hand Pruner

No. 80 (Corona-Rieser Pattern—"King Size")

Fully forged, scientifically designed cutting head is your assurance that it's tops in modern design and manufacturing technique. Replaceable blade. Long narrow blade and hook easily gets into those hard to prune places. Bring on the tough pruning tasks and make light work of it with No. 80. Neoprene handles are easy on the hands; rubber bumper prevents pinching of the hand and acts as a shock absorber. No. 80 is the newest tool to hit the market for the professional user. Modeled after the famous Swiss-German pattern. Overall length, 8 7/8 inches.

Weight, each—1 lb.

Prices each - - - - - \$5.95

"Pro" Hand Pruner, No. 800

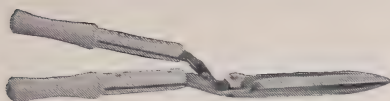

This tool is a professional-type pruner with adjustable blade tension, curved blades and non-slip cutting action. It's made of the finest steel, Replaceable blade feature increases tool life. Easily handles tough pruning jobs. Rose, fruit and nurserymen proclaim it America's finest. This tool exploits the well known Calkins pattern, featuring the very abrupt type hook and short blades.

Overall Length 7 1/2 Inches

Price, each - - - - - \$4.45

Hedge Shear, No. K-7

(Hardware Grade)

Here is a shear that has all the good cutting features of the regular Corona No. 7, but with a solid eccentric bumper stop instead of the "neoprene shock absorber"; hickory handles (not quite as highly finished as the Corona No. 7) it is a splendid shear at a low popular price. Overall length, 20½ inches; Blade length, 8 inches.

Weight, each 2 lbs.

Price, each - - - - - \$3.95

Florist or Thinning Shear, No 21-S

A sturdy shear widely used by florists for cutting ribbons, soft wire, and flower stems. Also, unmatched for many home uses such as cutting vegetable, dissecting chickens, turkeys or rabbits. Housewives find it has more utility than ordinary scissors. A fine shear for picking flower, making bouquets, corsages, and all forms of thinning. Overall length, 7 ¾ inches.

Price, each - - - - - \$2.45

Corona Anvil Type Shear, No. 89A

A 20th Century marvel in beauty and easy cutting power. An amazing value with features galore such as pistol grip shape, one hand operated catch, open end handles—can't pinch, oversize pivot bolt, knurled handles, concealed spring, small cutting head, increased leverage, replaceable blade, replaceable soft metal anvil, chrome plated on steel. Users acclaim it America's finest anvil type hand pruning shear. Overall length, 8 inches.

Weight, each—12 ozs.

Price - - - - - \$2.75

Corona Grass Shear, No. 5

An extra fine professional pattern grass shear with a host of plus features: Drop forged Corona-loy cutlery steel, light weight, one hand operated catch, soft velvety neoprene handle grips, flush pivot bolt permits shear to lie flat on surface for cutting, Corona bulge design permits use with equal facility for right or left hand operator, no horns, guards or protusions on handles and, above all, ample knuckle clearance; natural steel finish, no paint to chip. Blade length, 5 inches; Overall length, 12 inches.

Weight, each—13 ozs.

Price, each - - - - - \$2.95

Tree Pruners, No. 26T

Heavy Duty Type

This is the famous heavy duty Hawley patterns, a design that has won it wide acclaim as America's Top Professional Shear. Features as follows: Heavy duty pattern; Blade overlaps hook for extra wear; Razor-sharp cutting blades; Full curved hook holds work; No. 1 loft dried hickory handles; Corona neoprene shock absorber; Choice of handle attachments. Overall length, 26 inches.

The New Wichita Chief Wonder Model Combination 4-EV Has Detachable Elevator

A model that will do double duty for nurseries, a machine that will both grind and load. The hopper on the Model 4-EV will handle the shoveling of three men. As on all Wonder Models, the cutting blades, which travel at tremendous speed, pick up the material and thoroughly grind and mix it before it passes through the rollers. The material is then picked up by the conveyor-type elevator for loading. Material is conveyed on twelve inch acid resisting belt with roller type chain drive. Damp material will not clog conveyor.

DETACH AND USE LOADER ONLY OR USE GRINDER BY ITSELF

The most versatile compost grinder and soil shredder on the market. The loader is easily uncoupled from the grinder and since a separate engine drives each, either can be used by itself. This enables the operator to use the elevator for other purposes, and to load material that has already been processed. Each section is loaded on wheels and can be easily moved from one location to another. The entire unit weighs 1233 pounds and will elevate 7½ feet which permits loading into the highest dump truck. A Briggs-Stratton, Model 23, gasoline engine (8¼ h.p. at 3200 r.p.m) powers the grinder and a Briggs - Stratton, 2½ h.p. 8R6 model, the elevator. It has a hitch to attach for transporting. The grinder makes ideal top dressing and potting soil when screens are used.

SOUTHLAND NURSERY SHADING

Manufactured Especially For Nurseries Desiring The Proper Amount of Controlled Shade

Ordinary snow fence provides 40 to 50% shade. Our special wood and wire shading consisting of a wider, thinner, (3/8 inch by 2 1/4 inch slat) spaced 1 1/2 inches apart provides 20% more shade with a better distribution of weight per square foot.

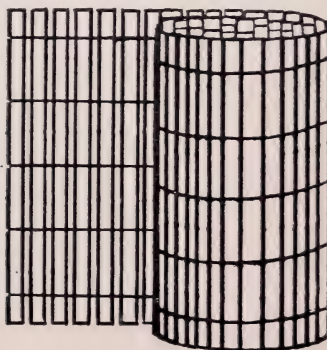

WE MANUFACTURE WHAT YOU, THE NURSERYMEN, DESIRE AS A LATH HOUSE COVER: GOOD SMOOTH SAWN, YELLOW PINE LATH (THE STRONGEST OF THE SOFT WOODS) WOVEN TOGETHER WITH HEAVY GALVANIZED WIRE AND DIPPED IN A 5% PENTA SOLUTION, TO MAKE IT LAST FOR MANY YEARS, PLUS A RED OR GREEN OIL BASE SHINGLE STAIN, IF COLORED SHADING MATERIAL IS DESIRED.

It is stronger than other types of shading material costs less than most and can be installed by unskilled, inexperienced labor. Once erected, it's strong enough to walk on and rugged enough to withstand rough weather conditions, such as high winds, sleet, ice, snow and hail.
